Karapitiya

SKILLS

- Molecular biology techniques
- Water quality analysis
- Microsoft word/ excel, canva
- Coral reef monitoring
- biodiversity survey
- Project management, team collaboration

LANGUAGE

Sinhala - native

English - fluent

Tamil- beginner

About Me

Motivated Biotechnology undergraduate at SLIIT, aspiring to specialize in marine conservation and environmental biotechnology. seeking an internship opportunity to apply academic knowledge, laboratory expertise, and fieldwork experience in projects related to marine mammals and ecosystems protection

EDUCATION

SLIIT University - 2025

- B.Sc. (Hons) in Biotechnology

NIBM - 2025

- Advanced Certificate in Tourism & Hospitality Management

British Council

- Advanced Certificate in English Language

G.E.C A/L 2025

- 1 A pass and 2 S paases

INTERNSHIP AND VOLUNTEER EXPERIENCE

• volunteer - Dive shop assistance

Pearl Dives Unawatuna

Assisted in data collection of marine species and plastic management

• Marine Mammal research intern - Marissa

Assisted in boat surveys for Whale and dolphin population monitouring

• Laboratory trainee

Conducted water quality analysis of lagoon and costal samples .

Supported DNA extractions and microbial identification of marine species

Contributed to a coral reef restoration initiative

EXTRA-CURRICULAR Activities

- Captain - school badminton team
- Vice Captain - School volleyball team
- Swimming and Scuba diving (PADI Advanced Open Water Diver)
- SLIIT - LEO Club member - Wildlife & Below water

Achivements

- Recognized volunteer - Ocean Conservation Week
- Smash At Ruhuna - Badminton doubles second runners up
- PADI Certified Advanced Open Water Diver
- Merit Award National Biology Quiz
